THE JUDICIARY, STATE OF HAWAII
NOTICE AND REQUEST FOR SOLE SOURCE

TO: Chief Procurement Officer

FROM: First Circuit/Office of Chief Court Administrator/Security
Name of Requesting Division/Program

Pursuant to HRS § 103D -306 and HAR Chapter 3-122, Subchapter 9, The Judiciary requests sole source approval to purchase the following:

1. Describe the goods, services or construction to be procured:

Request to contract with Security Resources Pacific, Inc. to prepare the site and install 5 additional duress buttons in Ka'ahumanu Hale. The duress buttons will be interfaced with the existing security system controller linked to PremiSys.

One (1) button for Judge Copeland's Chamber, one (1) button for the 14th Div. office, one (1) for the Women's Court Reception Desk, one (1) for the Women's Court Conference Room and one (1) for the Chief Court Administrator's office.

Additional buttons will be linked to the PremiSys system on installed on the Sheriff Annunciator Board in the Dispatch office.

2. Vendor/Contractor/Service Provider Name:	3. Amount of Request:
Security Resources Pacific, Inc. 3210 Ualena St. Honolulu, HI 96819	$4,325.86
4. Term of Contract (shall not exceed 12 months), if applicable: From: TBD To:	5. Prior Judiciary Procurement Sole Source No. (if applicable):

6. Describe in detail the following:

a. The unique features, characteristics, or capabilities of the goods, service or construction.

Ka'ahumanu Hale utilizes the PremiSys Access Control Management (ACM) System and has a current maintenance agreement with Security Resources Pacific, Inc. to maintain the proper functionality of the PremiSys ACM System. Their system also integrates all of the security and camera systems within the Circuit. The First Circuit has an integrated security management and monitoring system in all of its courthouses. The system includes: the PremiSys Security Management system. PremiSys Access Control Management system, and the American Dynamics Video Edge Victor management system. This system seamlessly integrates security devices into a dynamic Graphical User Interface operating platform. This level of integration requires that the equipment installer is fully capable to install equipment that will integrate into our existing security system. The Judiciary for all these reasons needs an installer that is supported by PremiSys in the event there is a system problem that requires technical assistance or engineering and possesses the expertise required to install and maintain our existing systems.

b. How the unique features, characteristics or capabilities of the goods, service or construction are essential for the department.

The only vendor in Hawaii that can provide all necessary services across our system is Security Resources. They are the only company in Hawaii that is authorized, certified, and trained to provide, install, service and maintain the existing PremiSys Security Management system, the PremiSys Access Control Management System, the PremiSys Interface to the American Dynamics Video Edge system and the related interface software and hardware. The PremiSys access system will provide immediate security alerts to the Graphical User Interface monitored by Sheriff Deputies. When activated, the Duress Buttons are designed to send an alert through the PremiSys system to Judiciary Administration and Circuit Court Sheriff Dispatch of an emergency and a physical response is required.

7. Describe the efforts and results in determining that this is the only vendor/contractor/service provider who can provide the goods, services or construction:

We made a request to the company that has the propriety rights to PremiSys systems as described above to ask what companies were authorized and trained to service, maintain and install the system in Hawaii. Security Resources Pacific, Inc. is the only company in Hawaii that is authorized, certified, and trained to provide, install, service and maintain the existing PremiSys Security Management system, the PremiSys Access Control Management System, the PremiSys Interface to the American Dynamics Video Edge system and the related interface software and hardware. Security Resources will not provide products, technical assistance or any other support to unauthorized companies or individuals who may attempt to maintain or service our system.

8. Alternate source. Describe the other possible sources for the goods, services, or construction that were investigated but did not meet the department's needs.

No alternate source were investigated. Security Resources Pacific Inc. is the only company in Hawaii that is authorized, certified, and trained to provide, install, service and maintain the existing PremiSys Security Management system, the PremiSys Access Control Management System, the PremiSys Interface to the American Dynamics Video Edge system and the related interface software and hardware.

9. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required).
*Point of contact (Place asterisk after name of person to contact for additional information).

Name	Division/Program	Phone Number	email address
*Rodney Kahalepuna	Office of Chief Court Administrator	8085385987	rodney.h.kahalepuna@courts.hawaii.gov

Department shall ensure adherence to applicable administrative and statutory requirements, including HAR chapter 3-12, Subchapter 15, Cost Pricing Data, if required.

All requirements/approvals and internal controls for this expenditure is the responsibility of the Division/Program. I certify that the information provided above is, to the best of my knowledge, true and correct.
