END OF SECTION ONE

SECTION TWO – SERVICE SPECIFICATIONS

2.0.1 Introduction

A. Background

The Judiciary, State of Hawaii, provides support, intervention, and/or rehabilitative services to juveniles, adults and families through its Adult Client Services (aka Adult Probation Divisions), Juvenile Client and Family Services (aka Family Courts), Children’s Justice Centers, and Drug Courts in each judicial circuit. It also provides mediation services through its Center for Alternative Resolution. In carrying out their goals for these areas, all circuits utilize community resources on a purchase Health and Human Services basis.

The following provides the specifications for organizations wishing to provide services to the Judiciary for the period July 1, 2017 through June 30, 2019. Upon evaluation and acceptance of proposals, when practicable and upon mutual agreement, contracts may be negotiated making services available to children, youth, adults and families for the First Judicial Circuit.

1. Juvenile Services

The Family Courts in Hawaii believe that there is promise in all youth and families who are involved in our system. Beginning with the Juvenile Detention Alternative Initiative (JDAI) in 2009, juvenile justice reform efforts have been underway for several years in Hawaii, using current research and information on best practices for justice involved youth and their families. Holding youth accountable for their actions is important. In doing so, we must also increase community capacity to provide youth opportunities to heal, develop pro-social skills, and build on their strengths.

Research shows the unnecessary use of detention/incarceration to be harmful to youth. Through collaborative community effort there has been a reduction in the use of detention and incarceration for non-violent youth in Hawaii, without an increase in youth crime, demonstrating that community safety has not been compromised. Efforts to create meaningful alternatives to detention are ongoing and continue to be needed.

Most youth in our juvenile justice system are non-violent offenders who are best served in the community. Recent studies have found that youth

who do not pose a public safety risk have better outcomes in nonresidential programs using evidence based practices, close to their own neighborhoods, and integrated into generally pro-social groups (U.S Attorney General. National Task Force on Children Exposed to Violence: Rethinking Our Juvenile Justice System, December 2012). By connecting justice involved youth with their communities, while holding them accountable for their behavior, we hope to divert them from deeper involvement in the justice system, and thereby promote better long-term life outcomes. Youth involved in the deeper end of the justice system tend to have poorer outcomes.

The federal Office of Juvenile Justice and Delinquency Prevention (OJJDP) reports a meta-analysis of community-based programs found that effective programs: 1) concentrate on changing behavior and improving prosocial skills, 2) focus on problem solving with both juveniles and their families, 3) have multiple modes of intervention, and 4) are highly structured and intensive.

We know and understand that exposure to violence and trauma is pervasive in the population we serve. Compelling research conducted in the past twenty years informs us that trauma is more prevalent than previously known, and that complex and multiple exposure to traumatic events is closely linked to detrimental medical, psychological, and social outcomes. Research on brain development now reveals that the human brain is not fully developed until a person is in their mid twenties, and that exposure to childhood traumatic violence can delay and derail brain development. Fortunately youth are resilient and evidence based effective treatments and approaches have been developed. People heal and transformation occurs. In order for this to happen, environments conducive to healing, and people committed to being part of the healing process are needed. The courts cannot do this alone and need the support of our community.

The Judiciary is seeking qualified community providers to be part of our reform efforts, by creating places of healing for youth and families, through a continuum of care, using evidence based practices. Consideration will be given to proposals that reflect an alignment with:

- **JDAI:** Juvenile Detention Alternatives Initiative (JDAI): provides the framework for Hawaii's juvenile justice reform effort. JDAI is driven by a vision that seeks to change the odds for court-involved youth, and increases their chances of growing out of their delinquent behavior and leading productive lives. If juvenile justice reform can improve the life chances of court-involved youth, then we all benefit. Public safety will be improved, families will remain intact, and fewer tax payer dollars will be

spent on secure confinement and corrections. For more information on JDAI go to jdaihelpdesk.org

- **Family Strengthening Youth Development:** Family involvement in juvenile justice is a central principle of Hawaii's juvenile justice system reform. Research shows that family strengthening programs can curb crime and delinquency, and that family-focused approaches have demonstrated outcomes that are positive and enduring. The family strengthening youth development framework presents an evolution of positive youth development approaches that recognizes the importance of grounding work with youth within the context of family and community. Its basic premises include; the family plays a critical role in youth development and various community resources are needed to assist the family as it endeavors to provide supports and opportunities for its young people. Proposals need to include strategies to outreach, engage, and involve parents/caregivers.
- **Trauma Informed Care:** The Substance Abuse and Mental Health Services Administration (SAMHSA) defines a trauma informed organization as: A program, organization, or system that is trauma-informed realizes the widespread impact of trauma and understands potential paths for healing; recognizes the signs and symptoms of trauma in staff, clients, and others involved with the system; and responds by fully integrating knowledge about trauma into policies, procedures, practices, and settings.
- **Prison Rape Elimination Act (PREA):** The PREA prohibits sexual violence and abuse in all custodial correctional facilities operated by Federal, State or local governments and their contracted providers of residential services. It also established a set of standards to prevent, reduce, and sanction sexual violence in a custodial and/or residential setting. All organizations providing residential services to court involved youth must demonstrate a commitment to be compliant with the PREA Juvenile Facility Standards. The standards are available at: <https://www.bja.gov/Programs/PREA-JuvenileFacilityStandards.pdf>
- **Motivational Interviewing (MI):** Prospective youth serving agencies should be familiar with and practice MI skills in their interaction with youth. MI is a collaborative, goal-oriented method of communication that pays attention to the language of change. It is designed to strengthen personal motivation and commitment to a specific goal by eliciting and exploring one's reasons for change within an environment of acceptance and compassion (Miller and Rolnick, 2012). Enhancing behavioral change through MI is vital to our juvenile justice reform efforts. It is recognized as an evidence based practice by the National Institute of Corrections and SAMHSA. MI is recognized for its ability to lessen

resistance, increase offender motivation, and promote positive behavioral change.

- **Lesbian, Gay, Bisexual, Transgender, or Questioning (LGBTQ)**
Support: Providers must demonstrate an understanding of the factors contributing to the disproportionate numbers of LGBTQ youth in the system and adopt policies to improve the quality of care provided to these youth. Like all young people, they have the right to be safe and protected. Environments of care must be safe, accepting, and affirming for all youth
- **Cultural and Linguistic Competency:** The extent to which services and treatments are culturally sensitive may determine a youth and family's acceptance or rejection of those services. Culturally sensitive services need to be individually tailored with voice and input from the youth and family. Service providers must be conscious of the dynamics involved when cultures interact and must have strategies to effectively communicate with a diverse client population.
- **Gender Responsive Services:** Prospective providers should demonstrate an understanding of gender responsive principles as it applies to youth they propose to serve. In Hawaii and nationally, there is a growing number of justice involved girls. Proposals should include a description of gender responsive considerations for services that will be provided.

B. Purpose or Need

The Judiciary purchases services in compliance with statutory mandates and orders from the courts. The greater public purpose in obtaining the services is to: enhance public and victim safety; provide rehabilitative or intervention services to offenders; promote the welfare of families and children by protecting them from physical and psychological harm; and maintain a judicial process that helps to reduce the courts' workload while promoting fairness and prompt action.

Planning activities related to this RFP involved the issuance of Requests for Information (RFI). Tentative specifications and funding allocations were included with the RFIs, and comments and inputs on aspects of the specifications, such as objectives, target group(s), services and costs, were welcomed. The views of service recipients and community organizations were considered on conditions affecting the achievement of mandated goals.

4.1 Modification of Contract.

4.1.1 In Writing. Any modification, alteration, amendment, change, or extension of any term, provision, or condition of this Contract permitted by this Contract shall be made by written amendment to this Contract, signed by the PROVIDER and the STATE.

4.1.2 No Oral Modification. No oral modification, alteration, amendment, change, or extension of any term, provision or condition of this Contract shall be permitted.

4.1.3 Tax Clearance. The STATE may, at its discretion, require the PROVIDER to submit to the STATE, prior to the STATE's approval of any modification, alteration, amendment, change, or extension of any term, provision, or condition of this Contract, a tax clearance from the Director of Taxation, State of Hawai'i, and the Internal Revenue Service showing that all delinquent taxes, if any, levied or accrued under state and federal law against the PROVIDER have been paid.

4.2 Termination in General. This Contract may be terminated in whole or in part because of a reduction of funds available to pay the PROVIDER, or when, in its sole discretion, the STATE determines (i) that there has been a change in the conditions upon which the need for the Required Services was based, or (ii) that the PROVIDER has failed to provide the Required Services adequately or satisfactorily, or (iii) that other good cause for the whole or partial termination of this Contract exists. Termination under this section shall be made by a written notice sent to the PROVIDER ten (10) working days prior to the termination date that includes a brief statement of the reason for the termination. If the Contract is terminated under this paragraph, the PROVIDER shall cooperate with the STATE to effect an orderly transition of services to clients.

- 4.3 Termination for Necessity or Convenience. If the STATE determines, in its sole discretion, that it is necessary or convenient, this Contract may be terminated in whole or in part at the option of the STATE upon ten (10) working days' written notice to the PROVIDER. If the STATE elects to terminate under this paragraph, the PROVIDER shall be entitled to reasonable payment as determined by the STATE for satisfactory services rendered under this Contract up to the time of termination. If the STATE elects to terminate under this section, the PROVIDER shall cooperate with the STATE to effect an orderly transition of services to clients.
- 4.4 Termination by PROVIDER. The PROVIDER may withdraw from this Contract after obtaining the written consent of the STATE. The STATE, upon the PROVIDER's withdrawal, shall determine whether payment is due to the PROVIDER, and the amount that is due. If the STATE consents to a termination under this paragraph, the PROVIDER shall cooperate with the STATE to effect an orderly transition of services to clients.
- 4.5 STATE's Right of Offset. The STATE may offset against any monies or other obligations that STATE owes to the PROVIDER under this Contract, any amounts owed to the State of Hawai'i by the PROVIDER under this Contract, or any other contract, or pursuant to any law or other obligation owed to the State of Hawai'i by the PROVIDER, including but not limited to the payment of any taxes or levies of any kind or nature. The STATE shall notify the PROVIDER in writing of any exercise of its right of offset and the nature and amount of such offset. For purposes of this paragraph, amounts owed to the State of Hawai'i shall not include debts or obligations which have been liquidated by contract with the PROVIDER, and that are covered by an installment payment or other settlement plan approved by the State of Hawai'i, provided, however, that the PROVIDER shall be entitled to such exclusion only to the extent that the PROVIDER is current, and in compliance with, and not delinquent on, any payments, obligations, or duties owed to the State of Hawai'i under such payment or other settlement plan.

5. Indemnification

- 5.1 Indemnification and Defense. The PROVIDER shall defend, indemnify, and hold harmless the State of Hawai'i, the contracting agency, and their officers, employees, and agents from and against any and all liability, loss, damage, cost, expense, including all attorneys' fees, claims, suits, and demands arising out of or in connection with the acts or omissions of the PROVIDER or the PROVIDER's employees, officers, agents, or subcontractors under this Contract. The provisions of this paragraph shall remain in full force and effect notwithstanding the expiration or early termination of this Contract.
- 5.2 Cost of Litigation. In case the STATE shall, without any fault on its part, be made a party to any litigation commenced by or against the PROVIDER in connection with this Contract, the PROVIDER shall pay any cost and expense incurred by or imposed on the STATE, including attorneys' fees.

6. Publicity

- 6.1 Acknowledgment of State Support. The PROVIDER shall, in all news releases, public statements, announcements, broadcasts, posters, programs, computer postings, and other printed, published, or electronically disseminated materials relating to the PROVIDER's performance under this Contract, acknowledge the support by the State of Hawai'i and the purchasing agency.
- 6.2 PROVIDER's Publicity Not Related to Contract. The PROVIDER shall not refer to the STATE, or any office, agency, or officer thereof, or any state employee, or to the services or goods, or both provided under this Contract, in any of the PROVIDER's publicity not related to the PROVIDER's performance under this Contract, including but not limited to commercial advertisements, recruiting materials, and solicitations for charitable donations.

7. Miscellaneous Provisions

- 7.1 Nondiscrimination. No person performing work under this Contract, including any subcontractor, employee, or agent of the PROVIDER, shall engage in any discrimination that is prohibited by any applicable federal, state, or county law.
- 7.2 Paragraph Headings. The paragraph headings appearing in this Contract have been inserted for the purpose of convenience and ready reference. They shall not be used to define, limit, or extend the scope or intent of the sections to which they pertain.
- 7.3 Antitrust Claims. The STATE and the PROVIDER recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the purchaser. Therefore, the PROVIDER hereby assigns to the STATE any and all claims for overcharges as to goods and materials purchased in connection with this Contract, except as to overcharges which result from violations commencing after the price is established under this Contract and which are not passed on to the STATE under an escalation clause.
- 7.4 Governing Law. The validity of this Contract and any of its terms or provisions, as well as the rights and duties of the parties to this Contract, shall be governed by the laws of the State of Hawai'i. Any action at law or in equity to enforce or interpret the provisions of this Contract shall be brought in a state court of competent jurisdiction in Honolulu, Hawai'i.
- 7.5 Conflict between General Conditions and Procurement Rules. In the event of a conflict between the General Conditions and the Procurement Rules or a Procurement Directive, the Procurement Rules or any Procurement Directive in effect on the date this Contract became effective shall control and are hereby incorporated by reference.
- 7.6 Entire Contract. This Contract sets forth all of the contracts, conditions, understandings, promises, warranties, and representations between the STATE and the PROVIDER relative to this Contract. This Contract supersedes all prior agreements, conditions, understandings,

promises, warranties, and representations, which shall have no further force or effect. There are no contracts, conditions, understandings, promises, warranties, or representations, oral or written, express or implied, between the STATE and the PROVIDER other than as set forth or as referred to herein.

- 7.7 Severability. In the event that any provision of this Contract is declared invalid or unenforceable by a court, such invalidity or unenforceability shall not affect the validity or enforceability of the remaining terms of this Contract.
- 7.8 Waiver. The failure of the STATE to insist upon the strict compliance with any term, provision, or condition of this Contract shall not constitute or be deemed to constitute a waiver or relinquishment of the STATE's right to enforce the same in accordance with this Contract. The fact that the STATE specifically refers to one provision of the Procurement Rules or one section of the Hawai'i Revised Statutes, and does not include other provisions or statutory sections in this Contract shall not constitute a waiver or relinquishment of the STATE's rights or the PROVIDER's obligations under the Procurement Rules or statutes.
- 7.9 Execution in Counterparts. This Contract may be executed in several counterparts, each of which shall be regarded as an original and all of which shall constitute one instrument.
