**WRITTEN TESTIMONY ONLY**

---

**Bill No. and Title:** Senate Bill No. 416, Relating to Judicial Proceedings.

**Purpose:** The bill makes permanent Act 48, which requires certain agency appeals to be filed directly with the Supreme Court.

**Judiciary's Position:**

In 2016, the legislature enacted Act 48, which allowed certain agency appeals to be filed directly with the Supreme Court, bypassing the circuit courts (including the environmental courts), and the Intermediate Court of Appeals. In accordance with requirements set forth in Act 48 of 2016, on December 20, 2018, the Judiciary submitted to the legislature A Report on Judicial Proceedings setting forth its findings and recommendations regarding the direct appeals (JC11).

With regard to Senate Bill No. 416, the Judiciary offers the following comments and suggested amendments. The Judiciary respectfully recommends that the appellate jurisdiction of the environmental courts be restored for some of the appeals subject to the Act 48 of 2016. The legislature established the environmental courts in 2014 to promote and protect Hawaii’s natural environment through consistent and uniform application of environmental laws. Accordingly, specialized environmental courts were established in each judicial circuit. Restoring the jurisdiction of the environmental courts will ensure fulfillment of the goals envisioned by the establishment of the environmental courts.

If jurisdiction of the environmental courts is restored, the agency appeals that are the subject of Act 48 of 2016, except those from the State Water Commission, the Public Utilities Commission, and the Hawaii Community Development Authority, would proceed first to the environmental courts. The Judiciary recommends that if any parties to the cases decided by the environmental courts wish to then seek further appellate review, that those appeals be filed directly with the Supreme Court, bypassing the Intermediate Court of Appeals.

The specialized environmental courts sitting as appellate courts should be able to more quickly address an initial appeal, and after the initial appeal, a further appeal to the Supreme Court may not be required. Proceeding in this manner should also have the advantage of providing a more complete record and focusing and limiting the issues brought to the Supreme Court, which should expedite the Supreme Court's final disposition. If the Judiciary's proposal is adopted, appeals from matters before the State Water Commission, the Public Utilities Commission, and the Hawaii Community Development Authority would proceed directly to the Supreme Court.

Thank you for the opportunity to testify, and for your consideration of the Judiciary's comments.
