

**THE JUDICIARY, STATE OF HAWAII
NOTICE OF AMENDMENT TO EXEMPTION
FROM HRS CHAPTER 103D**

TO: Chief Procurement Officer

FROM: Human Resources/Judicial Education Office
Name of Requesting Division/Program

Pursuant to HRS § 103D ---102 (b)(4) and HAR Chapter 3---120, The Judiciary requests to amend an exemption for the following:

| | |
|---|---|
| <p>1. Describe the goods, services or construction:</p> <p>A hosted, on-demand, web-based (including software modules and updates) integrated central learning management platform for program development, program delivery, goal tracking, and record keeping. Vendor will provide training, use of the service, including a browser interface and login data, in addition to encryption, transmission, access to, and storage of data. Vendor will be able to integrate learning and other data from our current system. Vendor will also provide maintenance and professional services.</p> | |
| <p>2. Vendor/Contractor/Service Provider:</p> <p>SkillSoft Corporation 300 Innovative Way, Ste. 201 Nashua, NH 03062</p> | <p>3. Amount of Request:</p> <p>Total: \$48,909.56 – Hawaii State Tax included (Difference: \$3,828.56)</p> |
| <p>4. Term of Contract From: 05-31-2019 To: 06-30-2020</p> | <p>5. Prior Judiciary Procurement Exemption No. (if applicable):</p> <p>JE18-68 / JAE18-18 / JAE18-21</p> |
| <p>6. Explain in detail why it is not practicable or not advantageous for the Program/Division to procure by competitive means:</p> <p>It is not practicable or not advantageous for the Program/Division to procure by competitive means because this will be a continuation of the initial pilot project for the Learning Management System (LMS) software and services. The Judiciary requires additional time to fully understand and test the initial product to determine employee usage and if the platform meets the Judiciary’s training and record keeping needs without committing the organization to a multi-year contract.</p> <p>This procurement will allow the Judiciary to introduce new technology to employees while also managing risk. It is an opportunity to implement a potential solution in a limited capacity and validate resulting benefits.</p> | |
| <p>7. Explain in detail, the process that will be or was utilized in selecting the vendor/contractor/service provider:</p> <p>Human Resources started the process by defining a functional checklist based on their requirements of an LMS. They then identified the top four vendors in the LMS space for government (especially court) users based on a survey of the industry and queries to other court jurisdictions that have recently implemented an LMS solution. The Human Resources staff then contacted the four selected vendors to obtain information, conduct interviews and have demonstrations on their respective learning management systems and services. An LMS review committee comprised of HR representatives (Martha Hamada, Wade Hiraishi, Dawn Nagatani, Eric Tanigawa, and Tevita Tuikolongahau) and Judiciary CIO David Maeshiro convened to view the live vendor demonstrations and related interviews. All vendors contacted provided a demonstration.</p> <p>Staff also queried current clients of the different LMS vendors. Based on the functional checklist, live demonstrations, interviews, reference checks, and pricing structure, the review committee is recommending SumTotal Systems LLC, an entity of Skillsoft Corporation, as the pilot project vendor as it most closely meets the Judiciary requirements. The pilot project would allow us ample time to test the system in depth to see whether it is best suited to meet the Judiciary’s needs.</p> | |
