#### Via electronic submission

The Honorable Ronald D. Kouchi President of the Senate State Capitol, Room 409 Honolulu, HI 96813 The Honorable Scott Saiki Speaker of the House of Representatives State Capitol, Room 431 Honolulu, HI 96813

Dear President Kouchi and Speaker Saiki:

Pursuant to Section 601-21, Hawai'i Revised Statutes (HRS), the Judiciary is transmitting a copy of the *Report on Statewide Substance Abuse Treatment Monitoring Program*, including data collected in accordance with HRS § 321-192.5 from any circuit court, adult probation, and provider of substance treatment that provides substance treatment to persons served through public funds administered by the Judiciary.

In accordance with Section 93-16, Hawai'i Revised Statutes, we are also transmitting a copy of this report to the Legislative Reference Bureau Library.

The public may view an electronic copy of this report on the Judiciary's website at the following link: <a href="https://www.courts.state.hi.us/news">https://www.courts.state.hi.us/news</a> and reports/reports/reports.

Should you have any questions regarding this report, please feel free to contact Karen Takahashi of the Judiciary's Legislative Coordinating Office at 808-539-4896, or via e-mail at <a href="mailto:Karen.T.Takahashi@courts.hawaii.gov">Karen.T.Takahashi@courts.hawaii.gov</a>.

Sincerely,

Rodney A. Maile

Administrative Director of the Courts

### ANNUAL REPORT TO THE THIRTY-SECOND LEGISLATURE 2023 REGULAR SESSION

#### A Report on Statewide Substance Abuse Treatment Monitoring Program

Pursuant to HRS § 601-21

Prepared by:

The Judiciary, State of Hawai'i

November 2022

### ANNUAL REPORT TO THE THIRTY-SECOND LEGISLATURE 2023 REGULAR SESSION

#### A Report on Statewide Substance Abuse Treatment Monitoring Program

#### Pursuant to HRS § 601-21

HRS § 601-21 requires the Judiciary to: (a) collect data in accordance with HRS § 321-192.5 from any circuit court, adult probation, and any provider of substance-abuse treatment that provides substance-abuse treatment to persons served through public funds administered by the Judiciary; and (b) include in the contract with any treatment provider all criteria established by the Department of Health pursuant to HRS § 321-192.5 to determine whether the treatment provider is achieving success in treating individuals with substance abuse.

The Judiciary's efforts to comply with the above-referenced statute are outlined below.

- The Judiciary continues to include language in its Requests for Proposals and existing contracts with substance-abuse treatment providers to hold programs accountable for complying with the Department of Health (DOH) criteria to determine success in treating individuals with substance abuse.
- The Judiciary receives available data taken from the Alcohol and Drug Abuse Division (ADAD) Web Infrastructure for Treatment Services (WITS) information system. The reports from WITS follow.
- The data provided by ADAD is based on information provided by the treatment providers. Some of the information may not match with what is contained from Caseload Explorer (CE), the Judiciary statewide Adult Client Services Branch (ACSB) case management information system for probation, as there may be inconsistency in the way data is entered and interpreted.

The following FY22 probation data is provided by ACSB's case management information system for probation.

- 671 unduplicated adults entered 725 programs with 778 admits in FY22. The higher number of admits reflect clients being admitted to treatment more than once during the year.
- 5,779 offenders were active in treatment during the same year
- Of the 5,779 offenders, 4,547 were males, 1,214 were females, and 18 were unspecified.

- Treatment services include assessments, motivational enhancement, outpatient, intensive outpatient, day treatment, individual counseling, and residential care, with continuing care following the core treatment program. Special needs, including those for pregnant and parenting women and individuals with co-occurring (mental health and substance abuse) disorders have been addressed by treatment programs.
- Through the efforts of the Interagency Council on Intermediate Sanctions (ICIS), programs have been evaluated using the Correctional Program Checklist (CPC) to determine how much in alignment programs are with the application of best practices in working with offenders. Most programs have integrated these practices into their curriculum with the offenders to address their criminal thoughts and behaviors.
- The CPC assessment team continues to be active in supporting the vendors as
  they implement these practices, by providing opportunities for greater interaction
  between programs and the criminal justice system through training. Probation
  officers are consistently transmitting Level of Services Inventory-Revised (LSI-R)
  data which provide vendors with the risk (to recidivate) classification of referred
  offenders to address dosage and treatment placement.
- Clients from the Neighbor Islands need to travel to O'ahu or Maui for residential level placements, reflecting the need for higher levels of substance abuse treatment on all islands. There are no residential treatment programs on Hawai'i Island, Kaua'i, Lāna'i, and Moloka'i.

#### **Table 3.1 Number of Clients Admitted by Island, Agency and Race**

This report counts clients who have had one or more program enrollments during the fiscal year. If a client has multiple program enrollments during the fiscal year, they are counted only once.

### Table 6.2 Number of Clients Served by Island, Agency, and Level of Care

This report counts the number of clients whose service was paid by the Judiciary in the fiscal year. If a client has multiple Judiciary paid services, the client is counted only once. Services can be for program enrollments in prior years.
