

**THE JUDICIARY, STATE OF HAWAII
NOTICE AND REQUEST FOR SOLE SOURCE**

TO: Chief Procurement Officer

FROM: Fifth Judicial Circuit

Name of Requesting Division/Program

Pursuant to HRS § 103D -306 and HAR Chapter 3-122, Subchapter 9, The Judiciary requests sole source approval to purchase the following:

1. Describe the goods, services or construction to be procured:
Upgrade existing entry/exit gate operators.

2. Vendor/Contractor/Service Provider Name:
Security Resources Pacific, Inc.

3. Amount of Request:
\$19300.15

4. Term of Contract (shall not exceed 12 months), if applicable:
From: N/A To:

5. Prior Judiciary Procurement Sole Source No. (if applicable):

6. Describe in detail the following:
a. The unique features, characteristics, or capabilities of the goods, service or construction.
The entry/exit gate operators provide added security for the facility by only allowing authorized employees with Judiciary provided proximity badges to enter/exit the employee parking lot area.

b. How the unique features, characteristics or capabilities of the goods, service or construction are essential for the department.
The entry/exit gate operators have proximity card readers, cameras, and intercoms at each location. The proximity card reader and gate operator are able to be controlled via our Lighthouse/Permisys access control system. The cameras are also integrated with our network of security cameras throughout the property. These systems are maintained by Security Resources.

7. Describe the efforts and results in determining that this is the only vendor/contractor/service provider who can provide the goods, services or construction:

Security Resources is the only authorized vendor to service and maintain the Lighthouse/Premisys access control system in Hawaii.

8. Alternate source. Describe the other possible sources for the goods, services, or construction that were investigated but did not meet the department's needs.

NA - Security Resources is the only authorized vendor to service and maintain the Lighthouse/Premisys access control system in Hawaii.

9. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required).

*Point of contact (Place asterisk after name of person to contact for additional information).

Name	Division/Program	Phone Number	email address
Jayson Taniguchi	5CC/admin	8084822523	jayson.k.taniguchi@courts.hawaii.gov

Department shall ensure adherence to applicable administrative and statutory requirements, including HAR chapter 3-12, Subchapter 15, Cost Pricing Data, if required.

All requirements/approvals and internal controls for this expenditure is the responsibility of the Division/Program. I certify that the information provided above is, to the best of my knowledge, true and correct.

Mr. Taniguchi

This letter is in reference to the distribution, service, and support of the Network Harbor Lighthouse System protecting your locations. Your Registered Network Harbor Lighthouse system includes the required software, hardware and licensing to integrate your existing CCTV Video systems, Access Control system, Keyboard Alert System, and DCIO Detention Center management system. Your system seamlessly integrates the security and building maintenance devices into a dynamic Graphical User Interface operating platform. In order to maintain the advanced integration of these systems you will require the support of a qualified trained integrator as well as the system manufacturers.

Security Resources, your Network Harbor Dealer of record, has achieved authorization as a Network Harbor *Enterprise level* System Integrator and, as of this date, they are the only system integrator that has achieved Enterprise Level authorization in the state of Hawaii. Further, as a matter of policy, all of the Network Harbor product end user accounts are registered to a specific authorized integrator for ongoing support and service for that account. This is to assure end users that they have an authorized dealer servicing our products.

The end user/customer account, as registered to the authorized integrator, is maintained and held in effect as the only company that is authorized to support the Network Harbor Products e.g. Lighthouse, KAS, SAVvault, SIPvault, and DCIO systems. The process of authorized account registration with our authorized integrators is to provide both the end users and system integrators with account protection and assurance. Network Harbor will not provide products, technical assistance or any other support to unauthorized companies or individuals who may attempt to maintain or service your registered system. This assurance is maintained as long as a) the system integrator maintains authorized status as a Network Harbor Dealer, and b) the end user/customer has not requested severance from their registered system integrator, and c) the end user has an active ASA support agreement as registered with the end user account. Security Resources has met all of the above criteria.

Thank you, and please feel free to contact me with any questions.

Sincerely,
Network Harbor Inc.

David Daxenbichler
