

**THE JUDICIARY, STATE OF HAWAII
NOTICE AND REQUEST FOR SOLE SOURCE**

TO: Chief Procurement Officer

FROM: Facilities Management

Name of Requesting Division/Program

Pursuant to HRS § 103D -306 and HAR Chapter 3-122, Subchapter 9, The Judiciary requests sole source approval to purchase the following:

<p>1. Describe the goods, services or construction to be procured: To provide year round preventive maintenance servicing to (1) emergency generator at Kapolei Judiciary Complex</p>	
<p>2. Vendor/Contractor/Service Provider Name: Hawthorne Pacific Corp. 94-025 Farrington Hwy. Waipahu, HI 96797</p>	<p>3. Amount of Request: \$9,130.54</p>
<p>4. Term of Contract (shall not exceed 12 months), if applicable: From: July 01, 2024 To: June 30, 2025</p>	<p>5. Prior Judiciary Procurement Sole Source No. (if applicable): JS24-12</p>

6. Describe in detail the following:

a. The unique features, characteristics, or capabilities of the goods, service or construction.

Emergency generator at Kapolei Judiciary Complex had been installed and serviced since inception of complex in 2011 by Hawthorne Pacific. All designing phase and programming at construction time in 2011 were performed by Hawthorne Pacific and to have a third party involved in servicing would mean that reference to repair will need to go through Hawthorne Pacific at possible added cost from third party to the Judiciary. The courts originally did not have a maintenance agreement but ran into problems keeping the generator operational due to lack of maintenance which resulted in us entering a maintenance agreement with Hawthorne around 2011 as the only authorized service dealer in the State of Hawaii. Hawthorne has been maintaining and servicing the generator since then. Besides being the only authorized dealer in the State, Hawthorne has all of the tracking and service documents for the generator since maintenance started. Hawthorne implemented and monitors the program that tracks the generator systems.

b. How the unique features, characteristics or capabilities of the goods, service or construction are essential for the department.

The emergency generator should be properly maintained to avoid delays and unannounced power outages. This emergency generator serves to continually maintain high volume equipment, various prioritized lighting, elevators, minimal AC for up to 8 hours either till power is restored for employees being able to shutdown equipment properly and exit safely. A third party in an emergency situation will not be able to repair as stated prior that Hawthorne has all of the tracking and service documents for the generator since maintenance started. Hawthorne implemented and monitors the program that tracks the generator systems. Further delays without proper maintenance will lead up up to possible unsafe conditions and/or equipment damages. Kapolei has had a maintenance agreement with Hawthorne from the beginning and this maintenance agreement has kept the Kapolei generator in excellent shape with no problems. The Judiciary is very satisfied with the service they receive.

7. Describe the efforts and results in determining that this is the only vendor/contractor/service provider who can provide the goods, services or construction:

Being that emergency generator is a Caterpillar brand, Hawthorne Pacific has submitted a letter to state that they are and have been since 1956, the authorized dealer and technical support for generators. They are the only authorized servicing dealer for our island area.

All programming and implementation of a monitoring system documentation had been done since 2011 by Hawthorne Pacific when Complex first opened for business.

Hawthorne uses this historical data to fine tune, suggest upgrades and perform preventive maintenance on the generator. Besides there being no other qualified vendor Hawthorne is the only one with this historical data to assist with maintenance.

8. Alternate source. Describe the other possible sources for the goods, services, or construction that were investigated but did not meet the department's needs.

As the only service dealer in the state and per the attached letter the entire pacific region no one else can provide servicing for this generator. Cummins another company on Oahu was contacted and they are not able to provide a maintenance contract on the Judiciary own Hawthorne emergency generator due to proprietary nature of the internal controls and monitoring system. Hawthorne is the only vendor that can provide maintenance qualified to provide service and maintenance to the generator as being commissioned in 2011 to provide that service.

9. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required).

*Point of contact (Place asterisk after name of person to contact for additional information).

Name	Division/Program	Phone Number	email address
*Wayne Taniguchi	Fiscal Support/Facilities Mgmt.	539-4005	Wayne.S.Taniguchi@courts.hawaii.gov
Dee Dee Letts	Deputy Chief Court Administrator	539-4351	DeeDee.D.Letts@courts.hawaii.gov.

Department shall ensure adherence to applicable administrative and statutory requirements, including HAR chapter 3-12, Subchapter 15, Cost Pricing Data, if required.

All requirements/approvals and internal controls for this expenditure is the responsibility of the Division/Program. I certify that the information provided above is, to the best of my knowledge, true and correct.

/s/ Dee Dee Letts
