THE JUDICIARY, STATE OF HAWAII NOTICE AND REQUEST FOR SOLE SOURCE

TO: Chief Procurement Officer

FROM: <u>First Circuit/Office of Chief Court Administrator/Security</u>

Name of Requesting Division/Program

Pursuant to HRS § 103D -306 and HAR Chapter 3-122, Subchapter 9, The Judiciary requests sole source approval to purchase the followina:

1.1	Describe	tne goods	s, services	or cons	struction	to be	procur	ea:

Request to install 28 additional duress buttons at the Ka'ahumanu Hale:

18 buttons - One for each Law Clerk at each courtroom

1 button - CCA reception desk, 2nd floor

8 buttons - One for each Legal Docs window

1 button - Records reception Desk 1st floor

2. Vendor/Contractor/Service Provider Name:			3. Amount of Request:	
	ources Pacific, Inc. St. Honolulu, HI.		\$48,615.74	
4. Term of Contract (shall not exceed 12 months), if applicable:			5. Prior Judiciary Procurement Sole Source No. (if applicable):	
From:	TBD	To:	(ii appricable).	

- 6. Describe in detail the following:
- $a.\ The\ unique\ features,\ characteristics,\ or\ capabilities\ of\ the\ goods,\ service\ or\ construction.$

Ka'ahumanu Hale utilizes the PremiSys Access Control Management (ACM) System and has a current maintenance agreement with Security Resources Pacific, Inc. to maintain the proper functionality of the PremiSys ACM System. Their system also integrates all of the security and camera systems within the Circuit. The First Circuit has an integrated security management and monitoring system in all of its courthouses. The system includes: the PremiSys Security Management system, PremiSys Access Control Management system, and the American Dynamics Video Edge Victor management system. This system seamlessly integrates security devices into a dynamic Graphical User Interface operating platform. This level of integration requires that the equipment installer is fully capable to install equipment that will integrate into our existing security system. The Judiciary needs an installer that is supported by PremiSys in the event there is a system problem that requires technical assistance or engineering and possesses the expertise required to install and maintain our existing systems. The only vendor in Hawaii that can provide all necessary services across our system is Security Resources. They are the only company in Hawaii that is authorized, certified, and trained to provide, install, service and maintain the existing PremiSys Security Management system, the PremiSys Access Control Management System, the PremiSys Interface to the American Dynamics Video Edge system and the related interface software and hardware. Twenty-eight (28) duress buttons will be integrated into the security system at Ka'ahumanu Hale.

b. How the unique features, characteristics or capabilities of the goods, service or construction are essential for the department.

Essential for the safety and security of employees in the event of an emergency situation. Duress Buttons are emergency response devices, designed to alert the on-site DLE Sheriff of an emergency and where to respond. The Duress Buttons will provide immediate security alerts to the PremiSys Graphical User Interface and annunciator monitored by Sheriff Deputies. Deputies will respond with urgency to the location the duress button was activated. This system seamlessly integrates security and building maintenance devises into a dynamic Graphical User Interface operating platform.

CP-7 (Sept 2023) Page 1 Sole Source No: <u>JS25-57</u>

7. Describe the efforts and results in determining that this is the only vendor/contractor/service provider who can provide the goods, services or construction:						
We made a request to the company that has the propriety rights to Premysis systems as described above to ask what companies were authorized and trained to service, maintain and install the system in Hawaii. As noted in the sole source letter dated 1/29/2025, Security Resources Pacific, Inc. is the only company in Hawaii that is authorized, certified, and trained to provide, install, service and maintain the existing PremiSys Security Management system, the PremiSys Access Control Management System, the PremiSys Interface to the American Dynamics Video Edge system and the related interface software and hardware. The sole source letter notes that PremiSys will not provide products, technical assistance or any other support to unauthorized companies or individuals who may attempt to maintain or service our system.						
8. Alternate source. Describe the other possible sources for the goods, services, or construction that were investigated but did not meet the department's needs.						
No alternate source were investigated. As stated in the sole source letter dated 1/29/2025, Security Resources is the only company in Hawaii that is authorized, certified, and trained to provide, install, service and maintain the existing PremiSys Security Management system, the PremiSys Access Control Management System, the PremiSys Interface to the American Dynamics Video Edge system and the related interface software and hardware. The sole source letter notes the PremiSys will not provide products, technical assistance or any other support to unauthorized companies or individuals who may attempt to maintain or service our system.						
9. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required). *Point of contact (Place asterisk after name of person to contact for additional information).

Rodney Kahalepuna

Court Operations Specialist

Office of the Deputy Chief Court Administrator

First Circuit-Judiciary of Hawaii

1.29.2025

Dear Mr. Kahalepuna

This letter is in reference to the distribution, service, and support of the PremiSys Security Management system, PremiSys Access Control Management system, and the American Dynamics Video Edge management system, in the State of Hawaii. This system seamlessly integrates security and building maintenance devices into a dynamic Graphical User Interface operating platform. This level of integration requires that the security integrator who maintains and supports your system be fully capable of servicing all aspects of your system including the platform that manages the entire system, and ancillary equipment installed on your system. In addition, you will need to have an integrator that is supported by PremiSys in the event there is a system problem that requires our technical assistance or engineering. With the expertise required to maintain your existing systems you will definitely want an integrator in the state that can respond to your requests for service in a timely manner.

Security Resources is the only company in Hawaii that is authorized, certified, and trained to provide, install, service and maintain the existing PremiSys Security Management system, the PremiSys Access Control Management System, the PremiSys Interface to the American Dynamics Video Edge system and the related interface software and hardware. PremiSys will not provide products, technical assistance or any other support to unauthorized companies or individuals who may attempt to maintain or service your system. Security Resources and PremiSys have invested considerable resources to develop strong support for our products and systems in your region.

Please contact me if you have any further questions.

Sincerely,

Zuzana Spencer RSM at acre Security zuzanaspencer@acresecurity.com
