

TO: Chief Procurement Officer

FROM: First Circuit Client Services - DCCA Office - Court Operations

Name of Requesting Division/Program

1. Describe the goods, services or construction to be procured:
Access Control System - Installed in the Kapolei Courthouse server room on the first floor.
Access Control Installation includes: card reader, card reader interface with enclosure, electric hinge with DPS and electric lockset (5) bundle
Access Control Installation includes: card reader, card reader interface with enclosure, electric hinge with DPS and electric lockset (1) bundle
Headend Equipment for ACS - Includes additional power supplies / mux controller / enclosure (located on total of 3 floors) (1) each
ACS Miscellaneous
Cabling (1) bundle

3. Amount of Request:
\$71,492.58

5. Prior Judiciary Procurement Sole Source No.
(if applicable):

To: 06/22/26

As stated in the sole source letter dated 02/28/25, Security Resources Pacific, Inc. has achieved authorization as a Network Harbor Enterprise level System Integrator and, as of this date, they are the only system integrator that has achieved Enterprise Level authorization in the state of Hawaii. The process of authorized account registration with authorized integrators is to provide both the end users and system integrators with account protection and assurance. This assurance is maintained as long as a) the system integrator maintains authorized status as a Network Harbor Dealer, and b) the end user/customer has not requested severance from their registered system integrator, and c) the end user has an active ASA support agreement as registered with the end user account. Security Resources has met all of the above criteria.

The additional access control points is essential for the safety and security of the Kapolei Court Complex. These additional access control points will help keep the building secure from unauthorized individuals gaining access to areas where money, confidential documents and information are stored.

7. Describe the efforts and results in determining that this is the only vendor/contractor/service provider who can provide the goods, services or construction:

Security Resources, has achieved authorization as a Network Harbor Enterprise level System Integrator and, as of this date, they are the only system integrator that has achieved Enterprise Level authorization in the state of Hawaii. Further, as a matter of policy, all of the Network Harbor product end user accounts are registered to a specific authorized integrator for ongoing support and service account. This is to assure end users that they have an authorized dealer servicing products.

8. Alternate source. Describe the other possible sources for the goods, services, or construction that were investigated but did not meet the department's needs.

As stated in the sole source letter dated 02/28/25, Security Resources Pacific, Inc. has achieved authorization as a Network Harbor Enterprise level System Integrator and, as of this date, they are the only system integrator that has achieved Enterprise Level authorization in the state of Hawaii. The process of authorized account registration with authorized integrators is to provide both the end users and system integrators with account protection and assurance. This assurance is maintained as long as a) the system integrator maintains authorized status as a Network Harbor Dealer, and b) the end user/customer has not requested severance from their registered system integrator, and c) the end user has an active ASA support agreement as registered with the end user account. Security Resources has met all of the above criteria.

9. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required).

*Point of contact (Place asterisk after name of person to contact for additional information).

Name	Division/Program	Phone Number	email address
Roland Lagreta	First Circuit Court - OPM	539-4183	roland.g.lagareta@courts.hawaii.gov
*Jeff Galon	First Circuit Court - KJC	954-8227	jeffrey.a.galon@courts.hawaii.gov

Department shall ensure adherence to applicable administrative and statutory requirements, including HAR chapter 3-12, Subchapter 15, Cost Pricing Data, if required.

All requirements/approvals and internal controls for this expenditure is the responsibility of the Division/Program. I certify that the information provided above is, to the best of my knowledge, true and correct.

Mr. Roland Lagareta
Court Operations Specialist
Project Management Office
First Circuit - Judiciary, State of Hawaii

Mr. Lagareta,

This letter is in reference to the distribution, service, and support of the Network Harbor Lighthouse System protecting your locations. Your Registered Network Harbor Lighthouse system includes the required software, hardware and licensing to integrate your existing CCTV Video systems, Access Control system, Keyboard Alert System, and DCIO Detention Center management system. Your system seamlessly integrates the security and building maintenance devices into a dynamic Graphical User Interface operating platform. In order to maintain the advanced integration of these systems you will require the support of a qualified trained integrator as well as the system manufacturers.

Security Resources, your Network Harbor Dealer of record, has achieved authorization as a Network Harbor *Enterprise level* System Integrator and, as of this date, they are the only system integrator that has achieved Enterprise Level authorization in the state of Hawaii. Further, as a matter of policy, all of the Network Harbor product end user accounts are registered to a specific authorized integrator for ongoing support and service for that account. This is to assure end users that they have an authorized dealer servicing our products.

The end user/customer account, as registered to the authorized integrator, is maintained and held in effect as the only company that is authorized to support the Network Harbor Products e.g. Lighthouse, KAS, SAVvault, SIPvault, and DCIO systems. The process of authorized account registration with our authorized integrators is to provide both the end users and system integrators with account protection and assurance. Network Harbor will not provide products, technical assistance or any other support to unauthorized companies or individuals who may attempt to maintain or service your registered system. This assurance is maintained as long as a) the system integrator maintains authorized status as a Network Harbor Dealer, and b) the end user/customer has not requested severance from their registered system integrator, and c) the end user has an active ASA support agreement as registered with the end user account. Security Resources has met all of the above criteria.

Thank you, and please feel free to contact me with any questions.

Sincerely,
Network Harbor Inc.

David Daxenbichler
