

**THE JUDICIARY, STATE OF HAWAII
NOTICE AND REQUEST FOR SOLE SOURCE**

TO: Chief Procurement Officer

FROM: Third Judicial Circuit
Name of Requesting Division/Program

Pursuant to HRS § 103D -306 and HAR Chapter 3-122, Subchapter 9, The Judiciary requests sole source approval to purchase the following:

<p>1. Describe the goods, services or construction to be procured:</p> <p>Replacement of leaking gasket on air handler unit 3-1 at Keahuolu Courthouse in Kona.</p>	
<p>2. Vendor/Contractor/Service Provider Name: Johnson Controls, Inc. 550 Paiea Street, Suite 210 Honolulu, HI 96819</p>	<p>3. Amount of Request: \$3,460.12</p>
<p>4. Term of Contract (shall not exceed 12 months), if applicable: From: n/a, not to exceed 24 hrs To:</p>	<p>5. Prior Judiciary Procurement Sole Source No. (if applicable):</p>
<p>6. Describe in detail the following:</p> <p>a. The unique features, characteristics, or capabilities of the goods, service or construction.</p> <p>Keahuolu's ventilation and air conditioning mechanical systems are Johnson Controls products. As the manufacturer of HVAC systems, Johnson Controls is uniquely qualified to support ventilation and air conditioning mechanical systems. Johnson Controls is the only vendor providing YORK equipment, software, and service for these systems, as they are the sole supplier of the equipment and systems. Due to the unique technical nature of the systems, it would be efficient to have Johnson Controls service the system, as non-Johnson Controls providers may not have access to all software updates and required products. Additionally, Johnson Controls has local resources, factory support, and corporate support in Hawaii.</p> <p>b. How the unique features, characteristics or capabilities of the goods, service or construction are essential for the department. Johnson Controls is the sole supplier of the equipment and systems that operates the Kona Judiciary HVAC system. As a sole supplier of a unique technical system, Johnson Controls has full access to all software updates and required products to ensure the HVAC system operates properly. Vendor is capable to service these unique and highly technical systems. Properly functioning ventilation and air conditioning systems are essential for the daily operations at Keahuolu Courthouse as well as for the health, safety, and comfort of employees and court patrons.</p>	

7. Describe the efforts and results in determining that this is the only vendor/contractor/service provider who can provide the goods, services or construction:

Keahuolu's ventilation and air conditioning mechanical systems were solely manufactured by Johnson Controls. It is impracticable to search for other vendors who manufacture Johnson Controls equipment. Johnson Controls is the only vendor providing YORK equipment, software, and service for these systems. Because of their unique technical nature, servicing of these systems needs to be performed by Johnson Controls; as non-Johnson Controls providers may not have access to all software updates and required products which could compromise the functionality and integrity of the system. Johnson Controls has local resources, factory support and corporate support in Hawaii.

8. Alternate source. Describe the other possible sources for the goods, services, or construction that were investigated but did not meet the department's needs.

As the sole supplier of these systems in the State of Hawaii, no other vendor has the technical expertise or can provide services for the HVAC system. Johnson Controls is the only vendor who is authorized to provide equipment and service for these systems. Service performed by non-Johnson Controls providers may not have the access to all software updates and required products.

9. Identify the primary responsible staff person(s) conducting and managing this procurement. (Appropriate delegated procurement authority and completion of mandatory training required).

*Point of contact (Place asterisk after name of person to contact for additional information).

Name	Division/Program	Phone Number	email address
